PRINCIPAL

I can think of no profession more humanly enriching than one that allows me to watch, contribute to and witness the results of, the intellectual, behavioral, and developmental heightening of children into young adulthood.

Growth is not a painless process, but it also embodies good experiences, laughter and rewards. You, as graduates, are on the periphery of the next major phase of life; adulthood.

Adulthood is an awesome responsibility. You have a responsibility to yourself, all the sources of positive support in your life, as well as all those children who are "coming up" behind you and possibly following in your path. I have a rather simplified definition of an adult. An adult is someone who not only meets the legal qualifications, but is in a position to take full responsibility for his or her life. The ramifications of this simplistic statement are great. They include being able to support oneself financially, being able to make decisions in his or her best interest, and not creating, nor contributing to, conditions that are burdensome to mothers, fathers, sisters, aunts, grandmothers, etc.

My wish for you is that you graduate from Arts High School equipped to conquer the next phase of your chosen endeavor with success. My hopes include that you have gained a sensitivity for the next guy; the conditions of the world and for yourself. I also want you to be able to think for yourselves, see alternatives and seek out sources that can lead to truths. I want you to pursue the best that life can offer and I expect you to capture it. My reward can only lie in the belief that those of us at Arts High School, who have spent time with you during the past four years of your life, have helped in the development of the attributes, skills and experiences that allow you to attain your goals. You will always have my best wishes.

Love,
Eleta J. Caldwell

Mr. Alfredo Gentile

VICE PRINCIPLE

In general it has been assumed that the great arts have these functions: they give form and meaning to life, which might otherwise seem shapeless and without sense. They give us deeper understanding of our own lives and the lives of others. They express the spirit of an age or people. They provide diversion from the cares of the day and satisfy desires unfulfilled in our common life. Gilbert Seldes, "The people and the Arts", Mass Culture (Illinois: The Free Press, 1957).

Have you beheld a man skillfull in his work? Before kings is where he will station himself; he will not station himself before common place men. Proverbs 22:29. Congratulations to Arts High School's graduating class of 1993. Remember that education is one thing that no one can take away from you. Keep on searching for knowledge, and combined with experience, you will acquire wisdom.

We are the music makers, And we are the dreamers of dreams, Wandering by lone sea breakers, And sitting by desolate streams; World-losers and world forsakers, On whom the pale moon gleams. Yet we are the movers and shakers of the world forever, it seems. O'Shaughnessy

ady Jaguars on Defense

The girls' basketball team started off the season with a blast. Captain, Errica (E-man) Gardner and co-captain, Marie (Rie-Rie) Rosendary took the team to its first two scrimmages. The team was full of surprises. One day they go down in a crash, but the next day they are back on track. The five starters are Mia Thomas, junior, Rashanna Jones, junior, Errica Gardner, and Marie Rosendary seniors. The season has not been what the coaches and and players expected, but high hopes keep them going.

The Jaguar cagers are having a successful season, having qualified for the state tournament for the third year in a row. Starting senior, Stanley Rawles, who has been a part of Arts basketball for four years, is enjoying the string of success that is hopefully becoming a tradition. The team is looking forward to an even better year in 93-94 with four returning starters.

You already have everything you want and need. Go Janell, you like the
way that sounds don't you? All eyes are on you, so knock em' dead, and
don't forget about me.

On a serious note:
Believe in yourself
And in your dream
Though impossible things may seem
Someday, somehow you'll pull
through to the goal you have in view.

Mountains may fall and seas divide
Before the one who is in her stride.

Take a hard road day by day
Sweeping all obstacles away.
Believe in yourself and in your plans
Say not--"I cannot" but "I can."

DENISE ABDUL-AZIZ
OPTICIAN

Dear Janell,

Talib and I wish you the best of luck in everything that you do. When I graduated from Arts High in 1972, things were different. I am hoping that you and your classmates will take advantage of the many opportunities available to you. Education is the key! Keep that thought in mind as you go through life!

Sincerely,

Denise Abdul-Aziz (nee: Slaughter)

Janell,

Hey girl! You are going to college but you're not really leaving me. I know you'll write and tape (of course, I'll do the same). Always remember the date 4/30/92. I'm going to miss our crazy weekends (Sports Park, 88, movies, home, etc.). I'm going to miss you in church. (Greater Abyssinian rulz!) But, most of all, I'm going to miss you! Be good and always remember that I love you!

Love always, Your cousin/Best friend,

Danyelle (B.K.A. DUKE)

A LETTER TO MY GRANDPARENTS

Dear Grandparents,

*You are the best grandparents
imaginable.*

Mary & William Turner, Sr.

Granny: When I failed, you were always there to pick me up. When everyone else doubted me, you believed in me. This space is not big enough to mention all of the wonderful things you have done for me.

Nip: You departed unexpectedly on January 4, 1993 and I miss you dearly. I know that God moves in mysterious ways and there is a reason why he took you away. You will always live in my heart and in my memory.

Deaddy: You have made a difference in my life by remaining dedicated to the family through thick and thin. Losing Nip was hard on you the most. Through it all, you held up for me, the family, and most of all yourself. You have an enormous amount of courage and a heart of gold!

Granddaddy: You read to me, fed me, taught me how to play cards, and instilled in me the values that I cherish to this day. We "hung though" for four and a half years. Even though we were separated when I was four, I just wanted you to know that I have not forgotten you or things we did!

You may be wondering why I wrote to you and the answer is simple...I wanted to tell you that I love you and "thanks" for everything!

Love always,

Janell
